

IHE Special Event: Connect-a-thon 2003

Every year all IHE participants are involved in two week-long events called **Connect-a-thon** in U.S.A. and Europe. During this week all systems are interconnected, and the IHE application profiles are thoroughly tested "in the real world". After successfully participating in the International Connect-a-thon event, the equipment can be enrolled to participate in the official IHE National Demos.

The advanced Technos Family products were present at the IHE-Europe Connect-a-thon 2003 in **Aachen** (Germany, March 24-28), and then participated in the Italian IHE Demo held in occasion of the SIRM National Meeting - "Sezione di Radiologia Informatica" in **Perugia**, May 21-23.
