

IHE Special Event: Connect-a-thon 2004

Every year all IHE participants are involved in two week-long events called **Connect-a-thon** in U.S.A. and Europe. During this week all systems are interconnected, and the IHE application profiles are thoroughly tested "in the real world". After successfully participating in the International Connect-a-thon event, the equipment can be enrolled to participate in the official IHE National Demos.

The advanced Technos Family products were present at the IHE-Europe Connect-a-thon 2004 in **Padova** (Italy, March 29th - April 2nd), and were qualified for the the Italian IHE Demo, that will be held in occasion of the SIRM in **Palermo**, May 8-10, and for the German IHE Demo, that will be held in occasion of the DRK in **Wiesbaden**, May 19-22.
