

## IHE Special Event: Connect-a-thon 2005

Every year all IHE participants are involved in two week-long events called **Connect-a-thon** in U.S.A. and Europe. During this week all systems are interconnected and the IHE application profiles are thoroughly tested "in the real world". After successfully participating in the International Connect-a-thon event, the equipment can be officially declared conform to the tested IHE profiles and enrolled to participate in the official IHE National Demos.

The advanced Technos Family and Org@anizer™-BioPACS™ products were present at the IHE-Europe **Connect-a-thon 2005 in Noordwijkerhout** (The Netherlands, April 25<sup>th</sup>-29<sup>th</sup>).

Org@anizer™-BioPACS™ will also participate in the Italian IHE Demo that will be held on occasion of AIFM/RadInfo (SIRM Radiology Information Technology Section) joint congresses in **Verona**, June 14<sup>th</sup> -17<sup>th</sup>.
