

IHE Special Event: Connect-a-thon 2006

Every year all IHE participants are involved in two week-long events called **Connect-a-thon** in U.S.A. and Europe. During this week all systems are interconnected and the IHE application profiles are thoroughly tested "in the real world". After successfully participating in the International Connect-a-thon event, the equipment can be officially declared conform to the tested IHE profiles and enrolled to participate in the official IHE National Demos.

The advanced MyLab™ Family and Org@anizer™-BioPACS™ products were successfully present at the IHE-Europe **Connect-a-thon 2006 in Barcelona** (Spain, April 24th- 28th).
