Esaote’s new MyLab™SigmaVET is the smart, portable solution that allows use of an ultrasound whenever a quick and complete diagnosis is required.
**Dedicated VET software and probes**

**Windows® 10**

**Quick start-up**

**Full-screen visualization**

**Highly responsive capacitive touchscreen**

**Pivoting 15.6" monitor**

**2 probes connectors**

**Easy to carry**

- **High-definition B-Mode**: new software and technology to enhance image quality and increase all diagnostic details
- **Single-probe approach**: with just one probe you can make a complete medical imaging examination and simplify your everyday practice
- **XStrain2D and AutoEF**: advanced, affordable cardiological tools which are one of a kind
- **Extensive connectivity**: advanced features allow sharing of ultrasound exams with others even on tablets and portable devices
