

ECR 2014 VIENNA
Saturday, March 8
12:30-13:20
Room Lounge 1 - Level 01

DCEUS Quantification Workshop: Quantification of Intestinal wall perfusion

Chairman

Prof. Emilio Quaia; Trieste – Italy

Bracco and Esaote offer a 50 minutes educational session for radiologists on quantification of Dynamic Contrast Enhanced Ultrasound (DCEUS) based on the use of the Bracco quantification software VueBox™ and contrast-enhanced ultrasound sequences acquired with the MyLab™Twice. Brief introductory lectures will provide an overview of concepts in DCEUS quantification and in perfusion of intestinal wall. In the hands on session, the participants will perform their own analysis of MyLab™Twice clips under the supervision of Prof. Emilio Quaia using laptops equipped with the VueBox software.

Location: Lounge 1 – Level 01

Logistics: limited to 30 attendees

Registration: open to any ECR 2014 attendees

On-line registration in the “myuserArea” of the ECR web page
