NEVER STOP SEEING THE UNSEEN.

ULTRASOUND / DEDICATED MRI / HEALTHCARE IT / SERVICE SOLUTIONS /
WE HAVE A UNIVERSE TO EXPLORE.
NEVER STOP SEEING THE UNSEEN.

Human beings are ambitious creatures, who made research their purpose. In ancient times, they used to observe the universe and its silent movements, wondering about their destiny. Then, that universe became a destination to explore. And Esaote reached it as well, transforming this tireless research into a corporate philosophy: to see what others didn’t see and to be pioneers of discovery. Without stopping.

But there is a universe much closer to us, equally multi-faceted and with many things to dig into: the human body. Just like space, some body parts are not visible to the naked eye: that’s why we need Esaote’s advanced technology to be able to explore them and unlock their secrets. This technology is constantly improved to support medical science, contributing to a better future for everyone and finally making what is essential visible to the eye.
Esaote is One of the World’s Leading Providers of Diagnostic Imaging Solutions

The Esaote Group is a leader in the biomedical equipment sector, in particular in the areas of ultrasound, dedicated MRI, and software for managing the diagnostic process.

Headquartered in Genoa, Italy, the Group has its production and research units in Italy (Genoa and Florence) as well as in the Netherlands (Maastricht) and it is active in around 80 countries worldwide.

Esaote has always invested 8-10% of its total turnover in research and development, a sector in which about 20% of its employees work.

Esaote, which proudly collaborates with clinical and scientific research centers and universities around the world, has received numerous accolades for its performance in terms of innovation, its investments in research, human capital and technology, as well as for extraordinary product design.

Information on Esaote and its products is available at www.esaote.com

DEDICATED MRI
Changing the MRI Perspective

Our MRI systems can fit in unusual settings. They are able to reveal specific pathologies that are not visible with traditional exams, and deliver enhanced clinical evidence.

- High image quality
- Advanced features
- Innovative Weight-Bearing MRI capabilities
DEDICATED TO COMFORT

DEDICATED TO ADVANCED DIAGNOSTICS

NEVER STOP SEEING THE UNSEEN.

esaote
Our Healthcare IT solutions are designed to improve sensitivity in diagnosis. AI is used to help professionals increase their confidence, by facilitating decision-making and favouring dialogue.
FROM INSTALLATION TO MAINTENANCE

We have the Right Service for You

Our mission is to protect and maximize the performance of your system while increasing the profitability of your investment.
NEVER STOP SEEING THE UNSEEN.

DISCOVER OUR eCare PROTECTION PLAN

- Your Service coverage beyond standard warranty
- The perfect solution for ensuring operational effectiveness and extending the lifespan of your system
