

Quality policy

Founded on the Company's vision, Quality is a keydriver to make Esaote **excel as a leading** medical imaging company in providing **innovative clinical solutions** from prevention to therapeutic applications.

Within Esaote we are **committed** to:

- Understand customer **needs** to supply the most suitable solutions and achieve full **customer** satisfaction.
- Improve continuously **the effectiveness** of Esaote Quality Management System, aimed at achieving operational excellence **results** and creating value.
- Behave with **integrity and honesty**, in compliance with the laws and regulations of all those countries where Esaote activities are performed.

Every employee in Esaote is empowered to contribute to the continuous enhancement of quality, safety and effectiveness of products and processes. The Head of Quality Assurance has full authority to ensure the execution of this Quality Policy.
