

International School of Thyroid Ultrasonography and Ultrasound-Assisted Procedures

Department of Endocrinology and Metabolism, and Department of Diagnostic Imaging and Interventional Radiology, Ospedale Regina Apostolorum, Albano Laziale (Rome), Italy

ITALIAN CHAPTER

The Participants may have a 3-day stage period at the Interventional Procedure Unit during year 2017

Scientific Program, Day 1 – September 18, 2017

Meeting Point at Miralago Hotel Lobby at 8:00 am
Contact Persons: Daria Bottacci (mobile +39 338 1961772),
Bruno Scotti (mobile +39 344 2548066)

- 9:00** **Introduction to the Course**
- 9:30** **Interventional Ultrasonography: Live Cases**
Room 1: US-guided Laser procedures and CNB (Live)
Room 2: Diagnostic and Therapeutic US-guided procedures (FNA and PEIT) (Live)
- 10:45** Coffee Break
- 11:15** **Interventional Ultrasonography: Live Cases**
Room 1: US-guided Laser procedures and CNB (Live)
Room 2: Diagnostic and Therapeutic US-guided procedures (FNA and PEIT) (Live)
- 13:00** Light Lunch
- 14:00** **Diagnostic & Interventional Ultrasonography: Interactive Lectures**
US Examination: Basic principles and equipment optimization
US classification and indication to FNA for thyroid nodules
Laser treatment procedures: Basic principles and equipment
Minimally invasive procedures: Clinical outcomes, indications and limits
Interactive discussion
- 17:00** **Conclusions**
- 20:00** **Social Program: Dinner**

Scientific Program, Day 2 – September 19, 2017

- 9:00** **Presentation of the second day of Course**
- 9:15** **Interventional Ultrasonography: Live Cases**
Room 1: US-guided Laser procedures and CNB (Live)
Room 2: Diagnostic and Therapeutic US-guided procedures (FNA and PEIT) (Live)
- 10:45** Coffee Break
- 11:00** **Interventional Ultrasonography: Hands-on session**
Hands-on: Ultrasound Guided Procedures on Dummies
- 12:30** **Diagnostic & Interventional Ultrasonography: Interactive Lectures**
Minimally invasive procedures for thyroid malignancy
Towards an Integrated Approach to the Management of Nodular Disease
- 13:30** Light Lunch
- 14:00** **Conclusions & Attendance Certificates**
- 14:30** **End of the Course**

General information

Venue

These live educational Courses will take place at the:
Department of Diagnostic Imaging, Department of Endocrinology and Metabolism,
Regina Apostolorum Hospital - Albano Laziale (Rome), Italy
http://www.reginapostolorum.com/come_raggiungerci.php

Language

The official language of the Course is English.
