

Press Release**Esaote North America awarded five-year contract agreement with group purchasing organization Intalere, offering members access to its full suite of ultrasound products and services.**

[Fishers, IN, USA] January 26th, 2021 – Esaote North America announces a five-year contract with Intalere, the healthcare industry leader in delivering solutions designed for improved financial, operational, and clinical health for its partners. The new agreement provides Intalere members full access to Esaote North America’s comprehensive imaging portfolio and services. This includes the MyLab Ultrasound portfolio and the Dedicated MRI product line. “Our imaging portfolio is uniquely suited to help healthcare providers achieve positive clinical outcomes for patients through our wide range of imaging systems,” said Robert Lewis, President and General Manager at Esaote North America. “Esaote North America is committed to helping provide Intalere’s members with imaging solutions that have operational, economic, and clinical benefits across a variety of applications.”

Esaote North America continues to be internationally recognized as a leader in providing superior Ultrasound solutions and Dedicated MRI systems. The new Ultrasound and MRI platforms are built on a Windows® 10 operating system and are equipped with advanced workflow enhancements enabling users to optimize security, workflow, and increase efficiency. The Dedicated MRI product line, equipped with the latest technology, combines high performance with ease of use for a variety of clinical areas and installation settings.

Intalere members can access Esaote North America’s suite of products on the Intalere Member Resources portal.

About Esaote
