

## PRESS RELEASE

### **Esaote introduces the MyLab™X5 ultrasound system in the United States.**

April 22, 2019 (Fishers, IN, USA) - ESAOTE, one of the world's leading manufacturers of diagnostic ultrasound systems and probes, in the market for more than 30 years, introduces the new MyLab™X5 ultrasound system in the United States. The new compact console ultrasound system enhances Esaote's ultrasound portfolio thanks to the introduction of a new system usability concept beyond EASE.

The new **MyLab™X5** is so smart and simple that you don't need to worry about time-consuming adjustments anymore. Automatic tools like One-touch image quality and Doppler optimization and Zero-click automatic measurements technology helps speed up any ultrasound examinations resulting in faster and better diagnosis

*"The MyLab™X5 system is the first of the completely renovated Ultrasound family designed to meet the needs of a modern busy clinical practice," said **Robert Lewis, General Manager & President at Esaote North America.** "Our goal is to provide the right solutions to our valued customers by making ultrasound examinations faster and easier. We are committed to the continuous development new products and enhancements that will allow our customers to provide the best possible care to their patients. "*

Developed to provide high-quality ultrasound technology to hospitals, clinics, and private practices, the MyLab™X5 offer advanced clinical tools and a large probe portfolio with zero-click automation technology.

**Karl-Heinz Lumpi, Chief Executive Officer of Esaote** said: *"Today, efficiency and reliability are the most demanding challenges, especially in the clinical world. The new MyLab™ ultrasound family is the smartest and fastest answers to customers' diagnostic and clinical needs in everyday practice."*

For more information, visit our esaote.com website at: <https://www.esaote.com/en-US/ultrasound/ultrasound-systems/p/mylab-x5/>

The MyLab™X5 will be shown at **the AACE 2019** in Los Angeles, on April 24 – 28. Los Angeles Convention Center & JW Marriott, **BOOTH 431 - Hall A.**

MyLab is a trademark of Esaote spa.

Technology and features are system/configuration dependent. Specifications are subject to change without notice. Information might refer to products or modalities not yet approved in all countries. For further details, please contact your Esaote sales representative.

### **About Esaote**

With a consolidated revenue of about EUR 250 million in 2017, Esaote is a leader in the biomedical equipment sector, in particular in the areas of ultrasound, dedicated MRI, and software for managing the diagnostic process. The company currently employs 1,150 people. With its headquarters in Genoa and its own production and research units in Italy and the Netherlands, Esaote is active in 80 countries in the world.
